Product description:

DOMETIC C154F Compressor Wine Cellar

DOMETIC C154F Compressor Wine Cellar Elevate your wine experience with the Dometic 154-bottle:

a combination of outstanding design, technology and functionality

Turn your kitchen into a sophisticated private wine cellar with the Dometic compressor cellar, a masterpiece of design and technology that stores and enhances your valuable wine collection. With its capacity of 154 Bordeaux bottles, this Dometic cellar offers a versatile and impeccable storage solution,

adapting perfectly to any environment, whether freestanding or built-in.

DOMETIC C154F Compressor Cellar A timeless design that enhances your kitchen:

Unparalleled elegance: Refined lines and polished stainless steel details create a contemporary aesthetic that harmonises perfectly with the other appliances in your kitchen,

elevating its style to a higher level.

Atmospheric interior lighting: Highlight your favourite labels with atmospheric interior lighting, creating a cosy and refined atmosphere that invites you to enjoy.

*DOMETIC C154F Compressor Cellar **Installation flexibility to meet every need:***

Built-in or freestanding: Choose the configuration that best suits your space and preferences. The Dometic cellar integrates perfectly with kitchen furniture or can be positioned independently as a striking piece of furniture.

*DOMETIC C154F Compressor Cellar **Advanced technology for perfect storage:***

Precise temperature control: The two independent temperature zones, adjustable between 5°C and 22°C,

temperature control: The two independent temperature zones, adjustable between 5°C and 22°C, allow you to store your red,

white and rosé wines at the ideal temperature, preserving their organoleptic characteristics and guarantee an impeccable tasting experience.

Optimal humidity: The constant humidity level between 50% and 70% keeps the corks in ideal conditions, preventing them from drying out and preserving the integrity of the wine.

Internal ventilation: Optimised air circulation inside the Dometic cellar ensures a uniform and odour-free environment, preserving the quality of your wines over time.

Activated charcoal filter: Eliminates any unpleasant odours, ensuring a pure and contaminant-free interior environment.

UV protection: Triple-glazed doors with low emission treatment block harmful UV rays, preserving the colour and taste of the wine over time.

A Dometic cellar is not just an appliance, it is an investment in your passion for wine. With its cutting-edge technology and refined design, this dometic cellar will allow you to store your finest wines in ideal conditions, enhancing their taste and richness on every occasion. Choose the Dometic 154-bottle wine cellar and treat yourself to the luxury of an unparalleled wine experience.
