Product description:

BM2 MIDIA CAGE HIGH PRESSURE CLEANER 150 BAR

The BM2 MIDIA CAGE High Pressure Cleaner 150 bar represents excellence in the field of pressure washers, combining advanced technology and high efficiency. The BM2 MIDIA CAGE is designed to offer superior performance in various applications, always ensuring optimal results.

The BM2 MIDIA CAGE is equipped with high-quality pumps with brass heads, guaranteeing durability and corrosion resistance. The available models include the 150/9 and the CAGE 150/9, both of the axial type.

In this TS model, the shutdown is immediate. This shutdown system saves energy and extends the machine's lifespan.

The BM2 MIDIA CAGE High Pressure Cleaner 150 bar is equipped with a high-performance motor that ensures reliable and high-level performance. The motor's thermal protection ensures it does not overheat during prolonged use.

The motor of the BM2 MIDIA CAGE High Pressure Cleaner 150 bar TS rotates at 2800 rpm. The BM2 MIDIA CAGE Idropulitrice allows for low-pressure detergent delivery, controllable directly from the washing head. Additionally, the spray angle is adjustable to suit different surfaces and levels of dirt.

The water filter is easily inspectable, ensuring simple and quick maintenance. The standard lance holder keeps everything organized and within reach during use.

The BM2 MIDIA CAGE High Pressure Cleaner 150 bar is the ideal choice for those seeking a reliable and powerful device. Thanks to its advanced features and high-level technical specifications, the BM2 MIDIA CAGE can easily handle even the most challenging tasks. Choosing the BM2 MIDIA CAGE means investing in quality and long-lasting durability.

Technical Specifications BM2 MIDIA CAGE:

Phase type: Single-phase
Frequency: 50 Hz
Voltage: 230 V
Maximum pressure: 150 bar - 15 Mpa - 2180 psi
Maximum flow rate: 540 Lt./h
Pump: Axial
Stop system: TS
Pump speed: 2800 rpm
Maximum absorbed power: 2.3 KW
Supply voltage: 230 V - 1ph - 50Hz
Maximum inlet temp: 40 °C
Pallet quantities: 24 pcs
Length: 440 mm
Width: 230 mm
Height: 320 mm
Weight: 45 Kg.

Are you looking for a hydrocleaner with different features? [Here](#) you can find the full range BM2 or other specialized brands.

Images and technical data are not binding and may be subject to revisions by the manufacturer.

Product features:

Phase: Single phase
Frequency (Hz): 50
Voltage (V): 230
Pump type: AXIAL
Maximum output capacity (Lt/min): 540
Transportability: Wheels and handles

Shop name

Length (mm): 440

Width (mm): 230

Height (mm): 320

Feed Type: 230V - 1ph - 50Hz

maximum water temperature (°C): 40

Weight (Kg): 45

Maximum input power (KW): 2.3

Pump rotation (rpm): 2800

Maximum pressure (bar-MPa-psi): 150 - 15 - 2180

Stop system: TS
