Product description:

FENZI G7P APPROVED TRANSPORTABLE TANKS

Fenzi Tank G7P Transportable containers of hazardous liquids made of plastic.

Fenzi suitable for transporting diesel fuel by road with full exemption according to 1.1.3.1c ADR. Lightweight, safe and practical are the exact definition of this tank.

Fenzi Tank G7P Lightweight: Made of thick but lightweight plastic material to allow for better handling.

Safe: All Fenzi G7P Tank items are fully ADR exempt in accordance with 1. 1. 3. 1c; they also have a lockable lid to prevent any theft of the diesel fuel.

Fenzi Guaranteed safety: The tank is equipped with a lockable lid and other safety devices to prevent theft and accidental spillage.

Fenzi Ease of use: The electric pump and hose allow the tank to be filled and emptied quickly and easily.

Fenzi Robustness and durability: The tank is made of high-quality, impact- and weather-resistant plastic.

PECULIARITY

Capacity: 230 litres

Filler cap with vent.

12 or 24 volt pump with a flow rate of 40 l/min.

4 m of hose with automatic gun end.

2 m battery connection clamps.

Padlockable lid.

Housing for the positioning of anchor belts and inlets for lifting at full load with forks.

High-quality plastic: Impact-, weather- and wear-resistant for a long service life.

High thickness: Guarantees robustness and stability even under full load.
