Product description:

DOMETIC kampa Trip AIR

DOMETIC Kampa Trip AIR: Inflatable awning for motorhomes and caravans - 2.9 m wide

Experience maximum freedom and comfort when camping with the DOMETIC Kampa Trip AIR inflatable awning!

This spacious and versatile awning is the ideal solution for extending the living space of your motorhome or caravan, creating an outdoor area sheltered from sun, rain and wind.

Key features:

Quick assembly and disassembly: The air inflation system allows you to assemble and disassemble the awning in just a few minutes, even by yourself, without the need for special tools.

Waterproof and durable: The polyester tarpaulin with Weathershield™ coating offers excellent protection against the weather, ensuring a dry and comfortable environment inside the awning.

Large windows and door: Two full-height windows with roll-up curtains and a large front door that can be rolled up to the side ensure optimal light and easy access to the awning.

Connecting tunnel with side door: The connecting tunnel between the awning and the vehicle has a convenient side door for easy passage.

Available in two models: Choose between the lightweight and robust fibreglass model or the inflatable Air Frame model that is even quicker to assemble.
