Osmosea OsmoDock System 30 Water Treatment System 300LT

Osmosea OsmoDock System 30: Pure Water for Your Yacht and Plants

The Osmosea OsmoDock System 30 is a dockside water treatment system designed to provide pure, salt-free water for your yacht and plants. Using Osmosea's reverse osmosis technology, this system removes up to 98% of the salts present in sea or lake water,

ideal for:

Washing your yacht without limescale streaks: Salt water can leave lime stains and deposits on the hull and yacht surfaces. The pure water produced by the OsmoDock System 30 guarantees a flawless, streak-free wash, preserving the beauty of your yacht.

Osmosea Protect plants: Salt water can damage plants that need fresh water to grow. The OsmoDock System 30 provides pure, salt-free water, ideal for watering your plants and ensuring their health and beauty.

In addition to these main benefits, the Osmosea OsmoDock System 30 water treatment system offers:

Osmosea High output: Up to 300 litres of pure water per day, enough to meet the needs of large yachts and lush gardens.

Osmosea High efficiency: Reverse osmosis technology removes salts efficiently, ensuring low energy consumption.

Osmosea Robustness and Reliability: Built with high-quality materials, the Osmosea OsmoDock System 30 is a robust and reliable system that guarantees years of trouble-free use.

Osmosea OsmoDock: the ideal desalination system for marine and nautical applications.

Osmosea OsmoDock Reduced maintenance and operating costs due to high system efficiency.
Osmosea OsmoDock the beauty of your yacht, leaving unsightly streaks and fouling behind.
With the Osmosea OsmoDock, you can wash your hull and surfaces without the risk of damaging them,
thus preserving their value and shine.
