Product description:

RIBIMEX AUTOCLAVE PUMP SURJET 5 TURBINE 100LT

The RIBIMEX SURJET 5 Turbine 100L Autoclave Pump represents an excellent choice for those seeking a reliable and efficient solution for managing clear water, ideal for both domestic and semi-professional use. This RIBIMEX SURJET Autoclave is equipped with cutting-edge technology, thanks to a multicellular system with 5 self-priming turbines, capable of ensuring a high pumping capacity with a maximum flow rate of 5400 liters per hour.

The 1450 W electric motor guarantees powerful and long-lasting performance, with an adjustable operating pressure ranging from a minimum of 1.4 bar to a maximum of 3.5 bar. This RIBIMEX SURJET is designed to meet various needs, making it perfect for garden irrigation, water pumping from tanks or cisterns, as well as increasing water pressure in non-potable water distribution systems.

Another significant advantage is its 100-liter tank, made of epoxy-coated sheet metal, which not only ensures strength and corrosion resistance but also reduces the need for frequent refills. This tank, combined with the pump's quiet operation, allows for convenient and uninterrupted use, even in residential settings.

The RIBIMEX SURJET 5 Turbine 100L Autoclave Pump is designed to ensure maximum safety and ease of use.

It comes with a 1.3-meter power cable, providing flexibility during installation, and a maximum immersion depth of up to 7 meters, ensuring high performance even in deep wells or tanks. With a maximum head of

55 meters,
this autoclave pump can easily handle the most demanding situations.

The 5 included turbines for clear water greatly improve efficiency and suction capacity, making this RIBIMEX SURJET one of the most efficient in its category. Additionally, the 1" threading ensures easy connection to most standard hydraulic systems, simplifying installation and maintenance operations.

Main Features of RIBIMEX SURJET 5 Turbine 100lt:

Equipped with a SuperJet multicellular pump with 5 self-priming turbines.

Epoxy-coated sheet metal tank.

Power: 1450 W.

1.3 m power cable.

Includes 5 turbines for clear water.

Pressure: min 1.4 bar, max 3.5 bar.

100lt tank.

Quiet operation.

Maximum flow rate: 5400 l/h.

Maximum immersion depth: 7 m. Head: 55 m.

1" threading.

The RIBIMEX SURJET 5 Turbine 100L Autoclave Pump is the ideal solution for those seeking a product that combines advanced technology, power, and reliability. Thanks to its technical features, it is suitable for a wide range of applications, always ensuring excellent results in terms of efficiency and long-lasting performance. RIBIMEX
