Product description:

RIBIMEX VERTICAL TANK 300LT FOR WATER

The RIBIMEX Vertical Tank 300LT for Water is an ideal solution for those in need of a sturdy and efficient tank for water storage in various settings, both domestic and professional. Made from high-quality painted steel, this vertical RIBIMEX tank is designed exclusively for water use, ensuring long-lasting durability and resistance, even under extreme conditions.

Thanks to its compact yet spacious structure, with a height of 670 mm, a length of 1200 mm, and a width of 660 mm, the RIBIMEX 300LT Vertical Tank fits easily into different spaces, offering optimal storage capacity without taking up too much room. Weighing 41 kg, the vertical tank guarantees stability and durability during daily use.

Equipped with an M 1"1/2 outlet connection, the RIBIMEX 300LT Vertical Tank allows for a simple and secure connection to water systems. This RIBIMEX Vertical Tank can handle temperatures ranging from -10°C to +110°C, making it perfect for both indoor and outdoor environments where reliable performance is required, even in challenging weather conditions.

The RIBIMEX 300LT has been designed to ensure long-lasting performance and high efficiency over time, thanks to the quality of the painted steel used in its construction. This RIBIMEX is the perfect choice for those seeking a product that combines durability, capacity, and practicality for everyday use, while also ensuring the necessary safety and efficiency for water storage.
