

# VITRIFRIGO VF95NUGGETS Ice Maker

## Product description:

### VITRIFRIGO VF95NUGGETS ICE MAKER

The VITRIFRIGO VF95 NUGGETS Ice Maker is designed to deliver exceptional performance in high-demand professional environments, such as bars, restaurants, yachts, and luxury venues. With an ice production capacity of up to 90 kg in 24 hours, this model, VITRIFRIGO VF95NUGGETS, is perfect for meeting large volume requirements.

## Technical Features of the VITRIFRIGO VF95NUGGETS Ice Maker:

**Stainless Steel Construction:** The robust stainless steel build ensures long-lasting durability and resistance to corrosion, even in marine or high-humidity environments.

**Ice Production:** Capable of producing up to 90 kg of ice in 24 hours, with an 18 kg storage bin, ideal for high-demand settings.

**Energy Efficiency:** Optimized consumption of 410 Wh/24h, reducing energy use, and compatible with 220-240 Vac, 50Hz power supply.

**Rainbow Technology:** Includes a patented protection system for internal components, extending the lifespan of the VITRIFRIGO VF95 NUGGETS Ice Maker even in challenging environments.

**Ventilation and Maintenance:** The VITRIFRIGO VF95 NUGGETS features a controlled condenser fan for low ambient temperatures and a removable and washable air filter to facilitate maintenance.

**High Production Capacity:** Perfect for environments with high ice needs, such as bars and restaurants.

**Reliability and Durability:** Designed to withstand difficult conditions and ensure continuous

performance.

**Easy Maintenance:** With sanitization cycles and removable air filters for hassle-free management.

**Compact Dimensions:**

Weighing 48 kg and measuring 597 x 500 x 694 mm, it fits easily into tight spaces while ensuring high performance.

**High-Quality Ice Production**

The ice produced by the VITRIFRIGO VF95 NUGGETS Ice Maker is unique for its nugget shape, offering numerous advantages:

Hard on the inside and soft on the outside, with low moisture, keeping drinks cold longer without diluting them.

Crystal-clear appearance, ideal for cocktails, appetizers, whiskey on the rocks, and ice buckets. Its versatility makes it indispensable in high-end venues.

**Advanced Technologies and Ease of Use**

**Remote Control:** The My Ice App allows for monitoring and scheduling ice production, making the VITRIFRIGO VF95 NUGGETS Ice Maker easy to use and manage.

**Automatic Sanitization Cycle:** Ensures hygiene during ice production, reducing the need for manual maintenance.

**Alarms and Reports:** Audio and visual alarms to indicate potential issues, and HACCP reports to ensure quality and compliance.

**Software Updates:** With the USB connection for software updates and HACCP data download, the VITRIFRIGO VF95 NUGGETS Ice Maker ensures maximum control over production and management.

The VITRIFRIGO VF95 NUGGETS Ice Maker is the ideal solution for those seeking high-quality ice, excellent performance, and long-lasting reliability.

**Product features:**

Length (mm): 597

Width (mm): 500

Height (mm): 694

Dry weight (Kg): 48

Feed Type: 220-240 - 50Hz / 220 - 60Hz

Compressor: R290

Product type: Ice maker

Ice production (Kg/24h): 90

Bin capacity (Kg): 18

Absorption (Wh/24h): 410
