## Product description:

MOSCATELLI 100W BLACK BOOST SOLAR PANEL 10KG

MOSCATELLI 100W BLACK BOOST Solar Panel is the ideal choice for those looking for efficiency, compact size, and easy installation in their camper solar system.

This 100W MOSCATELLI panel, made with high-performance PERC monocrystalline cells, ensures stable energy production even in low light conditions.

The MOSCATELLI 100W BLACK BOOST Solar Panel comes with a 6-meter pre-connected cable, UV-resistant ASA cable gland, and aluminum supports integrated into the frame for quick, secure, and long-lasting installation on the camper roof.

It is a complete, lightweight, and compact kit designed to meet your daily energy needs while traveling.

Each MOSCATELLI 100W BLACK BOOST Solar Panel is carefully packaged to ensure its integrity and also includes an instruction manual in Italian to guide you through every installation step.

## Technical specifications MOSCATELLI:

Weight: 10 kg

Dimensions: 1010 x 560 x 55 mm

Peak power: 100W

Maximum power current: 4.9A

Open circuit voltage: 20.4 V

Cells: PERC Monocrystalline 75x166 mm, 9BB

With the MOSCATELLI 100W BLACK BOOST Solar Panel, you can face every adventure with the energy you need to live in freedom.

Ideal for powering lights, refrigerators, mobile devices, and small appliances, it ensures continuous and sustainable charging wherever you are.

Choose the quality and reliability of the MOSCATELLI 100W BLACK BOOST Solar Panel, a product designed to last over time and optimized for camper life.

Rely on the MOSCATELLI 100W BLACK BOOST Solar Panel and always bring the power of the sun with you, without compromise.

**Product features:**

Net power (kW): 100 W

Length (mm): 1010

Width (mm): 560

Height (mm): 55

Cell composition: Monocrystalline 75x166mm 9BB

Weight (Kg): 10

Maximum power current (Am): 4.9

Open circuit voltage (V): 20.4
