Product description:

Vetus Seat Master Steel Boat Seat White

This Vetus Seat Master Steel Boat Seat White is a high quality helm chair, model "Master", designed to offer exceptional comfort and durability. The robust frame and armrests are made of stainless steel (AISI 316), ensuring Vetus resistance to corrosion even in harsh marine environments. The white grey imitation leather upholstery is UV resistant and easy to clean, making this Vetus seat ideal for long life and minimal maintenance.

This Vetus Seat Master Steel Boat Seat White is supplied without a pedestal and is specifically suitable for pedestals with a slide only. It does not have a fold-down seat or backrest. The exact dimensions are given as follows (please refer to the drawing):

This Vetus Seat Master Boat Seat in White Steel is the perfect choice for those looking for a durable, stylish and high quality Vetus helm seat for their boat. Please note that it is recommended to use CCMB shoes to protect the faux leather upholstery. The frame is made of AISI 316 stainless steel, a superior alloy to the previously mentioned AISI 304, offering greater resistance to corrosion, especially in salty environments.

Vetus Seat Master combines ergonomic design with high-end materials to offer a comfortable seating experience even during long cruises.
