Product description:

HONDA HSS655ETD Tracked Snow Thrower 3.6kW

Honda HSS655ETD tracked snow thrower is a snow thrower with the capacity to handle up to 37 tonnes/hour and snow up to 50cm deep, capable of delivering a power of 3.6KW. Thanks to the decompressor, electric starting is simple and effortless. These models are perfect for home use in areas with small to medium amounts of snow, or for professional use in small areas.

The high-performance Honda HSS655ETD tracked snow thrower is perfect for clearing snow up to 50cm deep. Moving 46 tonnes per hour, it can clear an area the size of two tennis courts, in just over ten minutes.

To project snow a distance of 14 metres requires a lot of effort and would require several people with shovels; again, Honda HSS655ETD tracked snow thrower with **4-stroke GX 160** engine capable of delivering a power of 3.6kW will do all the work in a very short time. This engine is as reliable as it is powerful and has been designed to produce low levels of noise, vibration and emissions. And it does not have problems even in case of cold start. Thus, this HSS655ETD snow thrower is the easiest to use. And since it consumes very little, it will also be a good choice for your wallet.

TECHNICAL CHARACTERISTICS HONDA HSS655ETD Tracked snow thrower 3.6KW

- Auger width: 55 cm
- Working width: 55 cm
- Working height: 50 cm
- Maximum flow rate: 37 tons/hour
- Maximum jet distance: 14 m
- Jet direction adjustment: manual
- Three-speed transmission for greater control for optimal machine efficiency depending on operating conditions.

- Speed: 1.08 - 2.60 km/h
- Tracked model: provides the best traction, the tracks make this product perfect for uneven surfaces and gravel paths, in addition, they prevent slipping so you always have complete control of the machine, even on very inclined surfaces.
- Engine speed regulation
- Engine model: GX160
- Engine power: 3.6kW
- Tank capacity: 3.1 litres
- Autonomy: 2.7 hours
- Starting system: electric
- Length: 1400 mm
- Width: 550 mm
- Height: 1110 mm
- Dry weight: 70 kg
- Noise level: 100 dB(A)

Product features:

Fuel: Gasoline

Engine: Honda GX160, 4 stroke, OHV

Engine rpm (rpm): 3600

Ignition: Recoil

Starting system: Elettrico

Working width (mm): 550

Working height (mm): 500

Capacidad máxima (t/h): 37

Speed (Km/h): 1.08-2.6

Throwing distance (m): 14

Discharge chute adjustment: Manual

Transmission: Hydrostatics

Net power (kW): 3.6

Fuel tank capacity (L): 3.1

Acoustic power: 100 dB(A)

Length (mm): 1400

Width (mm): 550

Height (mm): 1110

Dry weight (Kg): 70

Traction type: Track laying

Engine manufacturer: Honda
