

MCH H780LT TRACKED MOTORBARRIER 800KG

Product price:

8.791,00 € tax excluded

Product description:

MCH H780LT TRACKED WHEELBARROW 800KG

The MCH H780LT Tracked Wheelbarrow 800KG is a robust and versatile machine, designed for the efficient transport of heavy loads over various types of terrain. Powered by a reliable Honda GX390 petrol engine, this wheelbarrow has a maximum load capacity of 800kg, making it ideal for construction sites, agriculture, gardening and other applications requiring material handling.

Its key features, which make it a high-performance MCH H780LT Tracked Wheelbarrow 800KG, include:

Dumper upper protection: Provides greater safety and containment of the load inside the dumper.

0.32 m³ Dumper (Dumper 0.32m³): Provides good volumetric capacity for transporting various materials.

Mudguard: Protects the operator and internal components from mud and debris splashes.

Track tensioning system: Ensures proper track tension for optimum traction and longer life.

Folding operator platform (Operator platform, foldable):
It offers operator convenience during use and can be folded to reduce bulk during transport or storage.

Roller balanced system: Improves stability and adaptation of the machine to uneven terrain.

Lifting hooks: Facilitates lifting and moving the wheelbarrow, even in tight spaces.

Technical Data *MCH H780LT:*

Maximum load: 800 kg

Engine: Honda GX390

Power supply: Petrol

Length: 78 cm

Height: 1591 mm

Width: 798 mm

Length: 1744 mm

Product features:

Upper dumper protection

Dumper 0.32m³

Mudguard

Track tensioning system

Operator platform, foldable

Tilt roller system

Lifting hooks
