

Rental - Diesel Tank 3000LT Western

Product description:

TRANS CUBE 30TCG Fuel Tank – Capacity 2980 Liters

Extend the operating time of your diesel-powered equipment and refuel more efficiently with the fully transportable TransCube Global 30TCG. The 2980-liter storage tank allows for prolonged engine runtime, reducing the number of required on-site refueling visits.

Transportable

– The TransCube is DOT-approved for full-tank transport and features full-load lifting eyes, forklift pockets, and internal baffles.

Environmentally Safe

– TransCube is UL 142 certified, double-walled, and offers 110% containment.

Accessible

– The access hatch allows for easy maintenance and inspection of the inner tank. The removable inner tank facilitates servicing and cleaning.

Secure

– The lockable access hatch keeps fuel and refueling ports protected, allowing you to safely power up to 3 diesel-powered units from the TransCube while keeping the tank itself locked.

Stackable

– Easily stackable to reduce storage space requirements.

Rental Service

Renting a diesel fuel tank has never been easier: choose the product you want to rent and fill out the form.

Our specialized rental team will promptly get back to you with the most suitable offer!

The rental tanks can be shipped to Turin and throughout Italy, and are always ready for use: our team of technicians ensures they are always in perfect operating condition.

We recommend booking in advance for large quantities of tanks, especially during trade fairs or events, where rental demand may be high.
