

WEBASTO INDOOR UNIT CTT20-24-20G-24G

Product price:

230,00 € tax excluded

Product description:

WEBASTO INDOOR UNIT CTT20-24-20G-24G

For an ideal climate in your camper Cool Top Trail air conditioners are designed for use while parked in campers and caravans up to 10 m in length. Thanks to their generously sized heat exchangers, these systems offer high efficiency and a high level of performance. Their reliability and high cooling capacity have been tested during the sweltering Australian summers, with outside temperatures up to 50°C. The units are equipped as standard with a powerful heat pump, capable of operating effectively even at outside temperatures as low as -5°C. ?

Product features:

Product type: Internal Unit
