# Hyundai Water Pump Clear and Dirty 1.6KW StageV

Product price:

**199.00 € tax excluded**

## Product description:

### Hyundai 1.6KW Motor Pump for Clear and Dirty Water Stage V

Powerful 52cc (2.0 HP) Hyundai 2-Stroke Motor Pump, ideal for domestic irrigation of vegetable gardens and gardens. Handles clear and dirty water.

Max flow rate  $20 \text{ m}^3/\text{h}$ , head 26m. EURO 5 engine for less polluting emissions.

The **Hyundai 2-Stroke Motor Pump** (Code 35606) is the ideal solution for all your domestic irrigation needs,

perfect for vegetable gardens and gardens. Equipped with a robust 52 cc engine that delivers **2.0 HP (1.6 KW)**,

this water pump guarantees reliable performance with 3000 rpm.

Designed for maximum versatility, it is able to suck and pump both **clear water** and **dirty water**. The aluminum body ensures durability, while the 1.2 L tank allows for prolonged operation.

With a compact design ( $390 \text{ x } 220 \text{ x } 310 \text{ mm}$ ) and a net weight of  $10 \text{ Kg}$ , the Hyundai water pump is easy to move. It also stands out for its attention to the environment: it is classified **EURO 5**, guaranteeing a reduction in pollutants. Ideal for those seeking power, versatility and a lower environmental impact in pumping and irrigation

## Technical Features:

Product Type: 2-Stroke Motor Pump

Brand: Hyundai

Engine: 2T - 2.0 HP / 1.6 KW

Displacement, 52 cc

Engine RPM, 3000

Tank: 1.2 L

Maximum Noise Level: 114 dBA

Body Material: Aluminum

Type of Water Managed: Clear / Dark

Suction Diameter: 38 mm

Maximum Flow Rate: 20 mc<sup>3</sup>/h

Maximum Head: 26 m

Maximum Suction Height: 7 m

Net/Gross Weight: 10 / 12 Kg

Product Dimensions: 390 x 220 x 310 mm

Emission Class: EURO 5

Intended Use: Irrigation of vegetable gardens and gardens in the domestic environment
