Product description:

Dometic CFX5-55IM 55L Portable Refrigerator

The **Dometic CFX5 55IM 55L Portable Refrigerator** is a next-generation compressor cooler, designed to deliver high performance wherever you are. Thanks to innovative **Vacuum Insulated Panels (VIP)** technology, it ensures superior thermal retention and unparalleled energy efficiency.

Equipped with an **integrated ice maker**, it produces ice autonomously and directly, without the need for bags or cubes, offering unparalleled convenience when camping, boating, or on off-road trips. The **variable power compressor** automatically optimizes energy consumption and maintains constant temperatures even in extreme ambient conditions.

Whether used on the go or outdoors with friends, the Dometic CFX5-55IM can hold up to 83 375 ml cans, allowing you to chill large quantities of food.

It features a **removable metal inner basket**, designed for easy loading, unloading, and cleaning.

Its waterproof, high-resolution **TFT color display**, **18 W QC USB 3.0 port**, and soft-touch buttons ensure immediate and intuitive control. Plus, with the **Dometic Mobile Cooling** app, you can monitor and adjust the temperature directly from your smartphone.

The robust construction with **reinforced corners**, **folding aluminum alloy handles**, and airtight **TPE** seals makes this portable fridge freezer ideal for intensive and outdoor use. The equipment is completed by the **removable internal divider**, the **interior LED light**, the **integrated bottle opener**, and the **non-slip lid with Dometic logo**.

The Dometic CFX5 55IM combines technology, efficiency, and practicality, representing the perfect choice for those who want maximum performance on the move.
