## Floor support for installation, S235J steel

### Product description:

The totem is designed for mounting Daze electric vehicle charging stations in an open space where there is no wall. Each totem can accommodate up to two charging systems, one on each

side.

Compatible with all Dazebox or Duo models and with an optional payment terminal, this stand is ideal for installing chargers where wall mounting is not possible. It can be used for both single and double installations (front and back). Only Dazebox devices may be mounted.

**Product features:**
