Product description:

SCANGRIP TOWER 8 CONNECT 8000 LUMEN LED FLOODLIGHT WITH INTEGRATED TRIPOD FOR 18V/20V BATTERIES

The **SCANGRIP TOWER 8 CONNECT** is a powerful **8000 lumen LED construction site floodlight**, designed with an **integrated tripod** and a **360° adjustable double floodlight**. It is the ideal solution for professionals working in paintshops, installations or workshops who need **powerful, flexible and portable lighting**.

Compared to the previous model, the **new TOWER 8 CONNECT SCANGRIP** integrates **200 additional LEDs**, offering a **60% increase in overall brightness**. The adjustable light intensity (from 50% to 100%) and the improved electronic design ensure constant and reliable performance even in the most intense jobs.

This **SCANGRIP spotlight** is **compatible with 18V METABO/CAS batteries**, as well as **18V/20V batteries from leading power tool brands**, thanks to the practical **SCANGRIP connector**. Furthermore, it can also be powered via cable with the **POWER SUPPLY CONNECT** module, for continuous and uninterrupted illumination.

Lightweight and foldable SCANGRIP design

Weighing only **5.2 kg** and with an **integrated handle**, the **SCANGRIP TOWER 8 CONNECT projector** is extremely **easy to transport**. The **QUICK-FOLD** mechanism allows you to open or close the tripod in just a few seconds, ensuring practicality and speed of use in any work situation.

Technical features

- **Brand:** SCANGRIP
- **Lamp type:** LED
- **Luminous flux:** 8000 lumens
- **Brightness adjustment:** 50% - 100%
- **Power supply:** 18V/20V batteries or cable (POWER SUPPLY CONNECT)
- **Battery compatibility:** METABO/CAS and main systems via connector SCANGRIP
- **Dimensions (WxDxH):** 153 x 121 x 892 mm
- **Weight:** 5.2 kg
- **Protection rating:** IP30
- **Operating temperature:** -10°C to +40°C

You can discover the entire range of SCANGRIP LED projectors and lamps in the section dedicated to [portable lighting systems](#).

Product features:

Protection degree: IP30

Type of lamps: LED

Total lumens (Lm): 8000

Length (mm): 153

Width (mm): 125

Height (mm): 892

Dry weight (Kg): 5.20

Product type: Projector

Operating temperature range (°C): -10 at +40 °C
