Product description:

Dometic CoolMatic CB40W Compressor Refrigerator 40LT

The **Dometic CoolMatic CB40W Compressor Refrigerator 40LT** is the ideal solution for those who need a compact, reliable and high-performance refrigeration system on board campers, boats or special vehicles. With an **40-litre internal capacity**, this model guarantees excellent cooling efficiency, even in high-temperature environments.

Designed to be powered by **12 / 24 V**, the Dometic CoolMatic CB40W uses **compressor** technology to ensure rapid and constant cooling, maintaining a perfect balance between energy consumption and cooling capacity. It uses the **eco-friendly R134A refrigerant**, compliant with environmental and safety standards.

With a **dry weight of only 17 kg**, the CB40W stands out for its solid and compact structure: **660 mm high, 500 mm long and 340 mm wide**, features that facilitate installation even in small spaces. Belonging to the **climate class N**, it is designed to operate optimally in a wide temperature range, always ensuring maximum performance.

This **compressor refrigerator** is a product designed for professional and recreational use, ideal for those who want reliability and durability without sacrificing compactness and practicality.

Main technical data:

Power supply voltage: 12 / 24 V

Product type: Compressor refrigerator

Internal capacity: 40 L

Length: 500 mm

Width: 340 mm

Height: 660 mm

Dry weight: 17 kg

Climate class: N

Refrigerant: R134A

Product features:

Voltage (V): 12 / 24

Length (mm): 500

Width (mm): 340

Height (mm): 660

Dry weight (Kg): 17

Feed Type: 12 / 24 V

Capacity of the refrigerator (L): 40

Climate class: N

Coolant: R134a
