

AXO ACDE 2000M + CC Single Phase Petrol generator 1.6 KVA

Product description:

Axo ACG 2000M +CC is an open petrol single phase generator.
The starting capability is greater than 4 times the rated current.

Connection

Single-phase 220 V: N.1 schucko plug 16A

12 V DC: N.3 screw type banana plugs, each one with a red (+) connection and a black (-) connection

Recommended use

220V low power electrical equipments, insensitive to voltage variations.

Added value

The unit will not be damaged by an overload because the engine rpm lowers and the voltage drops to values under the operating limit, thereby preserving the unit and user. Once the load has been verified as excessive, it needs to be reduced, without stressing the user in overload.

The images are purely for information.

Product features:

Phase: Single phase

Maximum power single phase (KW): 1.3

Continuous power single phase (KW): 1

Maximum power single phase (KVA): 1.6

Continuous power single phase (KVA): 1.25

Fuel: Gasoline

Frequency (Hz): 50

Voltage (V): 230

Sockets configuration: 1 x 230V 16A SCHUKO

Engine: AMG 210

Engine rpm (rpm): 3000
Starting system: Manual
Engine capacity (cm³): 208
Cooling: Air
Fuel tank capacity (L): 3.5
Consumption (L/h): 1
Running time (h): 3.5
Acoustic pressure: 72 dB(A) at 7 m
Length (mm): 700
Width (mm): 420
Height (mm): 450
Dry weight (Kg): 32
Silenced: No
Super silenced: No
ATS Switch device : No
Voltage regulator: Capacitor
Engine manufacturer: Axo
