### **MASE MARINER 2700 S SILENCED SINGLE-PHASE MARINE GENERATOR 29 KW**

MASE MARINER2700S single phase silenced marine generator is equipped with a Yanmar 4TNV98 diesel engine capable of delivering a maximum power of 29 KW at 1500 rpm.

The MASE MARINER2700S is built with and synchronous alternator, self-excited with air cooling, is extremely compact and powerful, also suitable on small boats.

The MASE MARINER2700S allows easy access for maintenance of the fuel and lubrication systems, sea water pump, air filter, oil filter and fuel. It is also equipped with safety systems of auto stop for low oil pressure and high engine temperature or exhaust gas.

The alternator of the MASE MARINER2700S is synchronous with 4 poles, self-regulated, self-excited, brushless, which in conjunction with the powerful Yanmar engine can deliver a maximum power of 29 KW.

The MASE MARINER2700S marine generator is equipped with a soundproof cabin that makes it super quiet, with a sound emission of 56 dB(A) at a distance of 7 m. The soundproof cabin in painted aluminum is extremely lightweight and of very high resistance to external agents.
