

DOMETIC TEC 29LPG LPG Single Phase Generator 2900 Watts 230 V AC Inverter

Product price:

2.894,00 € tax excluded

Product description:

Thanks to the innovative inverter technology with engine speed control, the TEC 29 unleaded petrol generator offers 50% more power per kilogram of weight than previous models. The LPG version, TEC 29LPG, provides the same performance as the TEC 29 but with lower fuel consumption and reduced emissions. Both versions are extremely efficient and offer high efficiency even at low revs and after cold start.

Quality characteristics

- Remote Control
- 12 V voltage for battery charger
- Automatic switch-off in case of low oil level
- Electric Ignition
- Electric starter
- Overload and short circuit protection
- Sound absorbing housing
- High continuous power
- Suitable as a power source for all Dometic air conditioners
- Low consumption
- Possibility of parallel operation of two TEC 29LPGs for one

Dual power

- Remote control for displaying all the parameters of working
- Gas operation

Certifications

EC, E13

The images are purely indicative.

Product features:

Phase: Single phase

Maximum power single phase (KW): 2.9

Continuous power single phase (KW): 2.6

Fuel: LPG

Frequency (Hz): 50

Voltage (V): 230

Engine: HONDA GX160

Starting system: Manual / Electric

Net power (kW): 4

Fuel tank capacity (L): 15 / 20

Consumption (L/h): 1.9

Acoustic power: 86 dB(A)

Acoustic pressure: 54 dB(A) at 7 m

Length (mm): 480

Width (mm): 385

Height (mm): 290

Dry weight (Kg): 44

Silenced: Yes

Super silenced: Yes

Brushes: No

PMG: Yes

Voltage regulator: Inverter

Engine manufacturer: Honda
