

# TELAIR ENERGY 4010B WITH MANUAL CONTROL PANEL

## Product description:

### **TELAIR ENERGY 4010B vehicle generator with manual control panel**

TELAIR ENERGY 4010B vehicle generator with 3.8 KW manual control panel is a new generation 230 V single-phase supersilenced current generator with Yamaha gasoline powered engine. The TELAIR ENERGY 4010B vehicle generator with manual control panel can be equipped with a fully automatic electronic starting system with remote control panel with 5 metres of cable equipped with: total and partial hour meter, oil and petrol level control light, high temperature signal with automatic engine stop.

The TELAIR ENERGY 4010B vehicle generator also has a built-in 12 V / 10 A battery charger. Removable drawer bottom for easy maintenance of the TELAIR ENERGY 4010B vehicle generator.

The ASP panel allows automatic switching on and off in case the vehicle generator is connected to a battery charger (230/12 Volt) with relative battery.

Main specifications of the TELAIR ENERGY 4010B 3.8 KW vehicle generator:

Maximum single phase power: 3.8 KW

Fuel: Gasoline

Voltage: 230 V

Frequency: 50 Hz

Engine: Yamaha MZ250

Starting: Manual / Electrical

Consumption: 2 Lt/h

Length: 665 mm

Width: 460 mm

Height: 345 mm

Weight: 85 Kg

The TELAIR ENERGY 4010B vehicle generator has a design that integrates perfectly with any type of motorhome both in its external form and with every detail of the interior decoration. Thanks to its compactness it can be installed even in very narrow spaces. A continuous technical

innovation resulting from a long experience, renewed and projected into the future by the enthusiasm, imagination and skills of a team of young designers.

A choice of materials made on the basis of strict tests and quality controls to guarantee the aesthetic inalterability and durability of the TELAIR ENERGY 4010B vehicle generator.

**Product features:**

Phase: Single phase

Maximum power single phase (KW): 3.8

Fuel: Gasoline

Frequency (Hz): 50

Voltage (V): 230

Engine: Yamaha MZ250

Starting system: Manual / Electric

Alternator: Synchronous

Poles: 2

Consumption (L/h): 2

Acoustic pressure: 60 dB(A) at 7 m

Length (mm): 665

Width (mm): 460

Height (mm): 345

Dry weight (Kg): 82

Silenced: Yes

Super silenced: Yes

Product type: Generator

Voltage regulator: No

Engine manufacturer: Yamaha
