

BINDA MINI BOXER PUMP

Product description:

The company BINDA, continuing the traditional production of hand pumps started in 1919, aiming at constant technological evolution of the product, customer satisfaction, environmental respect, and always ensuring an excellent quality/price ratio of its items, has achieved worldwide leadership in fluid management through manual pumping systems, offering the most complete range of pumps and complementary products available on the international market.

BINDA, RINA-certified and official NATO supplier, guarantees the high quality standard of its production thanks to manufacturing and control systems carried out in compliance with the aforementioned military regulations.

BOXER PUMP: Pneumatic pump made of PP or ECTFE plastic with double diaphragm. Self-priming, double-acting. ATEX compliant.
