Product description:

HONDA HSS760AEW SNOWPLOWS WITH WHEELS 4,1KW

HONDA HSS760AEW snowplows with wheels 4,1KW are perfect snowplows for shoveling snow up to 51 cm high. Moving 46 tons of snow per hour, the HONDA HSS760AEW can shovel an area the size of two tennis courts, in just over ten minutes. You'll still have five minutes left to indulge in a hot beverage.

HONDA HSS760AEW snowplows with wheels are equipped to give you the best possible result. For example, they're the first in the lineup to have a hydrostatic control that gives you the best possible control over the speed of the machine.

This is why the tiller height adjustment comes in very handy. It allows you to change the height of the tiller according to different snow conditions; whether it's waist-high snow or a light but tough layer of ice, Honda snowplows will clear the way for you in no time.

Throwing snow a distance of 14 feet takes a lot of effort and it would take many people equipped with shovels to do all the work; again, the Honda HSS760AEW snowplows with wheels 4,1KW with GX200 4-stroke engine will get the job done in no time. This engine is as reliable as it is powerful and has been designed to produce low noise, vibration and emissions, while also ensuring low fuel consumption. And it has no problems with cold starting either. Thus, these snowplows are the quietest and most comfortable to use.

Melting ice also brings problems. In this case, it is the leaks and standing water on the roof that can damage the property. To avoid problems for buildings with flat roofs, Honda snowplow owners take them to the roof of their homes, where once again these snowplows shine in terms of grip and maneuverability.

HONDA HSS760AEW Snowplows with wheels 4,1KW Technical specifications:

Net power: 4,1KW
Fuel: Gasoline
Engine: Honda GX 200
Starting system (AMP): Manual recoil starter
Working width: 605 mm
Working height: 510 mm
Maximum capacity: 46 t/h
Maximum jet distance: 14 m
Jet direction adjustment: Manual
Transmission: Hydrostatic
Traction type: Wheels
Consumption: 1.77 Lt/h
Acoustic power: 102 dB(A)
Length: 1475 mm
Width: 620 mm
Height: 1105 mm
Weight: 87 Kg
Speed (km/h): 0-4.25

Are you looking for a HONDA snowplows with different characteristics? [HERE](#) you can find the whole range of Honda products and other specialized brands.

Product features:

Fuel: Gasoline
Engine: Honda GX200, 4 stroke
Engine rpm (rpm): 3600
Ignition: Recoil
Starting system: Manuale
Working width (mm): 605
Working height (mm): 510
Capacidad máxima (t/h): 46
Speed (Km/h): 0-4.25
Throwing distance (m): 14
Discharge chute adjustment: Manual
Transmission: Hydrostatics
Net power (kW): 4.1
Fuel tank capacity (L): 3.1
Consumption (L/h): 1.72
Running time (h): 1.8
Acoustic power: 102 dB(A)
Length (mm): 1475
