

HONDA HSS 970A ET Snowthrower with Tracks 6.3 kW

Product price:

4,180.00 € tax excluded

Product description:

HONDA HSS970AET SNOWTHROWER WITH TRACKS 6,3kW

Honda HSS970AET Snowthrower with Tracks 6.3kw are snowplows to remove up to 50 tons of snow per hour and fight against 51 cm, capable of delivering a power of 6,3KW. Honda HSS 970AET are state-of-the-art machines are at the forefront of shoveling. They can shovel an area size of two tennis courts with a foot of snow in less than ten minutes.

Honda HSS970AET Snowthrower with Tracks 6.3kw are big, red and powerful, but they're also packed with smart features. Automatic cutter stop feature for example, reacts to solid obstacles buried under the snow, automatically stopping the engine so you don't damage your cutters.

Tracks offer increased traction in most snow conditions, making this snowplows ideal for rough terrain and gravel paths. They don't slip and slide, even on the steepest slopes, you're in full control.

All Honda HSS970AET with Tracks 6,3kW snowplows feature an electronically controlled exhaust chimney to help eject snow in any desired direction, ideally as far away as possible.

Throwing snow a distance of 16 meters requires a lot of effort and would take many people equipped with shovels to do all work; again, Honda HSS970AET 6,3kW Snowthrower with GX270 4-stroke engine will get the job done in no time. This engine is as reliable as it is powerful and is designed to produce low noise, vibration and emissions, while also ensuring low fuel consumption.

Melting ice also brings its own problems. In this case, it is leaks and standing water on the roof that can damage the property. To avoid problems for buildings with flat roofs, Honda HSS970AET Snowthrower owners take them to the roof of their homes, where once again these snowplows shine in grip and maneuverability.

6,3kW Honda HSS970AET is a Snowthrower with a unique hour meter function that tells you when next service is due and when routine maintenance is due.

TECHNICAL SPECIFICATIONS Honda HSS970AET Snowthrower with Tracks 6,3kW :

Net power: 6,3kW
Fuel: Gasoline
Engine: Honda GX 270
Starting system (AMP): Manual recoil starter
Working width: 710 mm
Working height: 510 mm
Maximum capacity: 50 t/h
Maximum jet distance: 16 m
Jet direction adjustment: Manual
Transmission: Hydrostatic
Traction type: Tracks
Consumption: 2.18 Lt/h
Acoustic power: 102 dB(A)
Length: 1500 mm
Width: 725 mm
Height: 1125 mm
Weight: 110 Kg
Speed (km/h): 0-3.06

Are you looking for a Honda HSS970AET with Tracks , with different characteristics? [HERE](#) you can find the full range of Honda products and other specialized brands.

Product features:

Fuel: Gasoline
Engine: Honda GX270, 4 stroke
Engine rpm (rpm): 3600
Ignition: Recoil
Starting system: Manuale
Working width (mm): 710
Working height (mm): 510
Capacidad máxima (t/h): 50
Speed (Km/h): 0-3.96
Throwing distance (m): 16
Discharge chute adjustment: Manual
Transmission: Hydrostatics

Net power (kW): 6.3
Fuel tank capacity (L): 5
Consumption (L/h): 2.27
Running time (h): 2.2
Acoustic power: 102 dB(A)
Length (mm): 1500
Width (mm): 725
Height (mm): 1125
Dry weight (Kg): 110
Traction type: Track laying
Engine manufacturer: Honda
