

PRAMAC LIFTER ELECTRIC STACKER RX10/16 BASIC

Product price:

4,127.20 € tax excluded

Product description:

RX is the most compact in the stackers' range, single mast, completely electric, suitable for loads up to 1000 Kg and elevation up to 1600 mm, allowing a comfortable, safe use, with low maintenance costs, thanks to robust design with easy access for maintenance. RX combines compactness and ergonomics, offering a wide range of applications distribution and manufacturing environments and it is not intended for continuous daily activity.

Versatility

It's ideal to mode, even horizontally, palletized goods and at the same time it can be used as an adjustable workable, reducing stress for the operator who must place goods on a shelf. Forks thickness 60 mm for an easier entrance inside pallet, while working in elevation.

Ergonomics

Ergonomic tiller placed laterally to increase visibility, ensuring an optimal arrangement of components inside the motor compartment. RX 10/16 solves perfectly the problem of handling goods in narrow spaces and corridors.

Easy maintenance

Strong ABS carter/cover with storage compartments on top. easily removable to speed up maintenance operations. The bottom access opening allows an immediate disassembly of motor wheel, portal and tiller without lifting the machine.

Battery pack

Starting batteries (light-traction EVO or GEL type as option), lightweight and inexpensive, allow up to 3 hours autonomy (4 hours with EVO battery).
