

GMP - B4ZPM-A 30kW for Diesel Fuel Three Phase (Standards ATEX)

Product description:

GMP - B4ZPM-A 30kW for Diesel Fuel Three Phase (Standards ATEX)

Introducing the GMP - B4ZPM-A 30kW Three Phase pump, specially designed for diesel fuel applications and compliant with the rigorous ATEX standards. Crafted with precision, this pump ensures optimal performance and reliability when handling diesel fuel. With its 30kW power output and adherence to the ATEX standards, it offers not only efficient fuel transfer but also enhanced safety, making it an ideal choice for demanding industrial environments.

Self priming electric pumps to transfer gas oil, with coupling, with open impeller, for medium/high capacity, manufactured in accordance with standards ATEX 94/9/CE (II 2G Ex c IIC T4).

Product features:

Phase: Three phase

Maximum power three phase (KW): 30

Voltage (V): 400/690

Height of suction (m): 64

Maximum output capacity (Lt/min): 1750

Diameter (Ø): 4"

Length (mm): 1250

Width (mm): 550

Height (mm): 620

Weight (Kg): 350
