Product description:

HONDA UMK 435 LE PETROL BRUSHCUTTER

The HONDA UMK 435 LE brushcutter comes with a D-handle and a practical harness. The HONDA UMK 435 LE is designed to be practical, powerful, and reliable, featuring a larger 0.63-liter fuel tank that ensures consistent power and torque even under demanding conditions. The HONDA UMK 435 LE brushcutter is capable of handling any type of work expected. No undergrowth is too dense to hide from it. With the HONDA UMK 435 LE garden brushcutter, equipped with the high-performance GX35T 4-stroke petrol engine, extremely robust, compact, and reliable, you can venture where no other brushcutter can reach. For maximum comfort, the ergonomic harness adjusts perfectly to your shoulders with five different settings for optimal fit. It also comes with leg protection and a quick-release hook for added safety.

A quick overview of Honda products

From the very beginning, the HONDA UMK 435 LE brushcutter proves to be extremely easy to handle. It can tackle any type of job, no matter how long or demanding, and with the GX35T 4-stroke petrol engine, it is ready for any challenge.

Handlebar grip

These brushcutters come standard with a comfortable harness, a nylon tap-and-go head, and a heavy-duty three-tooth blade. The adjustable handlebar ensures a better and safer grip while cutting unwanted vegetation.

Loop handle

Brushcutters with a loop handle come standard with a comfortable harness, a nylon tap-and-go head, and a heavy-duty 3-tooth blade. They are perfectly balanced and ensure sensitive control during trimming or edging.

Curved shaft brushcutter

This brushcutter is equipped with a nylon tap-and-go head. Its extremely light weight and balanced proportions make it easy to control while working, making it much simpler to reach even the most difficult spots.
