Product description:

Brushcutter HONDA UMK 435 LE

HONDA UMK 435 LE brushcutter with D-handle and practical harness. The HONDA UMK 435 LE brushcutter is designed to be practical yet powerful and reliable, so that it guarantees constant power and torque even under demanding conditions. The HONDA UMK 435 LE brushcutter can do any job you expect. There are no areas that an intricate undergrowth can hide. With the HONDA UMK 435 LE garden brushcutter with the extremely robust and reliable 4-stroke petrol GX35T engine, you can go where no other brushcutter can go. If you want to work in maximum comfort, the comfortable harness will adapt perfectly to your shoulders thanks to the five different settings that guarantee maximum grip. It also has leg protection and a quick-release release holder for added safety.

A brief overview of Honda products

Right from the start, the HONDA UMK 435 LE brushcutter is extremely handy. They can handle any type of job, no matter how long or demanding, and with the choice of two powerful 4-stroke engines, they are ready for any challenge.

Handlebar grip

These brushcutters come standard with a comfortable harness, a nylon head for beat-and-go and a heavy-duty three-point blade. The adjustable handlebar provides better and safer grip when mowing unwanted vegetation.

Ring handle

The ring handle brushcutters come standard with the comfortable harness, a nylon head for swing and go and a heavy-duty 3-point blade. They are perfectly balanced and provide sensitive control when pruning or edging.

Curved shaft brushcutter

This brushcutter is equipped with the nylon head beat and go. The extremely low weight and balanced proportions make it easy to control the unit while you work, so it will be much easier to

reach even the most difficult places.
