

HONDA HRE 370 PLE

Electric Lawnmower 1.3 kW

Product description:

HONDA ELECTRIC LAWNMOWER HRE370PLE 1,3KW

The HONDA HRE370PLE lawnmower with Honda electric motor capable of delivering a power of 1,3KW, lightweight, easy to use and quiet operation.

It's light weight makes it very handy, in fact you can easily take it anywhere you want. On the HONDA HRE370PLE electric lawnmower, you just need to plug it in to proceed with a simple and low maintenance mowing.

The HONDA HRE370PLE electric lawnmower has a cutting width of 37 cm. This model is equipped with the exclusive Optiflow system which, using a specially designed fan attached to the blade, creates a powerful and controlled airflow that optimizes grass collection.

The electric mower five deck height adjustment positions ensure a perfect cut, regardless of grass length. The conveniently located lever lets you select one of five height settings.

Robust handlebars that open simply by manually turning and squeezing the side knobs. To store the HONDA HRE370PLE electric lawnmower, simply loosen the knobs and fold the handlebars.

The HONDA HRE370PLE electric lawnmower can be stored by simply loosening the knobs and folding the handlebars.

Integrated into the upper outer fairing, the practical handlebar allows you to lift and transport the electric mower over uneven ground quickly, easily and safely.

While it may seem odd, the blade on the HONDA HRE370PLE is designed to bend, and for good

reason: if it hits a hard object, it will not shatter or break, thus preventing further damage to the unit and increasing the level of safety.

The electric motor is housed in a rugged cutting deck. Resistant to impact, abrasion, fuel, UV rays and weathering, it ensures not only outstanding mower performance but also a long lasting optimum condition.

The high airflow grass bag on the HONDA mower is very lightweight - its design is intended to allow maximum airflow with a fine mesh to collect all the dust. It can be easily detached and repositioned after all the grass clippings have been removed.

HONDA HRE370PLE TECHNICAL SPECIFICATIONS

Motor: Electric 1300 W

Feed speed: Push

Length: 1110 mm
