

# HONDA HRE 410 PLE

## Electric Lawnmower 1.6 kW

### Product description:

Electric lawnmower HONDA HRE 410

The HONDA HRE 410 electric lawnmower is lightweight, easy to use and incredibly quiet to operate. On the HONDA HRE 410 electric lawnmower, simply insert the plug and you can proceed with a simple, low-maintenance mowing.

### Simple adjustment

The five height adjustment positions of the cutting deck of the HONDA HRE 410 electric lawnmower ensure a perfect cut, regardless of grass length. The conveniently positioned lever allows you to select one of five height settings.

### Maximum manoeuvrability

Sturdy handlebars that can be opened simply by manually turning and tightening the side knobs. To store the HONDA HRE 410 electric lawnmower, simply loosen the handles and fold down the handlebars.

### Simple lifting

Integrated in the upper external hull, the practical handlebar allows you to lift and transport the HONDA HRE 410 electric lawnmower on uneven ground quickly, easily and safely.

### Safe blades

Although it may seem strange, the blade of a HONDA HRE 410 electric lawnmower is designed to bend, and for good reason: when hit by a hard object, it does not shatter or break, thus avoiding further damage to the unit and increasing the level of safety.

### Maximum durability and resistance

The electric motor is housed in a robust cutting deck. Resistant to shocks, abrasions, fuel, UV rays and weather conditions, it ensures not only outstanding performance of the HONDA HRE 410 electric lawnmower but also an optimal long-term condition.

### **Practical emptying**

The high airflow grass catcher bag on the HONDA HRE 410 electric lawnmower is very light: its design is designed to allow maximum airflow with a fine mesh to collect all dust. It can be easily detached and repositioned after removing all grass mowing.
