Product description:

ACTIVSAT 65 TELECO TELAIR SATELLITE ANTENNA PORTABLE AUTOMATIC LNB SINGLE
TELECO ACTIVSAT 65 Fully automatic portable satellite system

ACTIVSAT 65 teleco it's a automatic portable satellite system you can park your caravan or motorhome under the shade of the trees and easily place the automatic ACTIVSAT system on the adjacent lawn.

With TELECO TELAIR ACTIVSAT 65 satellite antenna Simply take and open the tripod, mount the motor unit on its top, insert the dish and connect the cable (15 m) to the external Activsat socket on the vehicle.

Installation is really quick and easy and does not require any additional tools.

The antenna will aim the satellite in a few seconds, either via Bluetooth, using your smartphone, or by simply pressing a button in the control unit inside the caravan.

You can easily choose between 2 search modes of the TELECO TELAIR ACTIVSAT 65

Quick search (the parabola limits the search to only 120° and, in addition to being much faster, it saves 70% of battery energy).

To use the Quick Search you must first point the dish in a southerly direction. If you are unable to locate the SOUTH direction, you can deactivate Quick Search and the system will automatically perform a 360° Total Search.

Each time ACTIVSAT points a satellite, this position is saved in the system's memory and allows you to further reduce the time for the next search.

technical features of TELECO TELAIR ACTIVSAT 65 Single LNB automatic portable satellite antenna:

Product Name: TELECO TELAIR ACTIVSAT 65 Single LNB automatic portable satellite antenna

Manufacturer: TELAIR

Product code:18280

Condition:New product
