Product description:

HONDA TRACKED FORKLIFTS HP 500 BX

Honda tracked forklifts are the ideal companions for all jobs that require moving heavy materials.

They make work easier, safer and more productive, helping to reduce workplace accidents.

Honda tracked forklifts are versatile and reliable, and can be used in a wide range of applications, from construction to agriculture, from emergency services to industrial maintenance.

They are equipped with Honda's renowned 4-stroke engine, which offers excellent performance and low fuel consumption.

Their robust construction and high load capacity make them the ideal choice for all material handling needs.

Load capacity flat: 500 kg

Load capacity on incline: 350 kg

Maximum height of load - flat surface: 900 mm

Maximum speed forward: 4.3 Km/h

Maximum speed in reverse: 3.6 Km/h

Maximum inclination forward: 15 degrees

Maximum inclination backwards: 15 degrees

Flatbed length: 1200 mm

Platform width: 560 mm

Platform height: 200 mm

In particular, Honda tracked forklifts offer the following advantages:

Ease of use: Honda crawler trucks are designed to be easy to drive and handle, even in difficult

conditions.

Safety: Honda crawler trucks are equipped with a number of safety features, including an automatic stop system in case the operator falls.

Productivity: Honda crawler trucks can transport heavy loads with ease, improving work efficiency.

Reliability: Honda crawler trucks are built with high-quality materials and undergo rigorous quality controls to ensure a long service life.

Honda tracked forklifts are the ideal solution for all professionals who need a reliable and versatile means of transport.

The HONDA TRACKED FORKLIFTS HP 500 BX crawler carrier is equipped with an automatic stop system if the operator falls. It also has disc brakes on the drive wheels and working lights.

HONDA TRACKED FORKLIFTS HP 500 BX is ideal for handling heavy materials on construction sites, landfills and green areas.

Product features:

Engine: Honda GXV160

Fuel tank capacity (L): 3.1

Acoustic power: 99 dB(A)

Length (mm): 2140

Width (mm): 650

Height (mm): 1100

Dry weight (Kg): 197

Capacità di carico in piano (Kg): 500

Capacità di carico in pendenza (Kg): 350

Altezza massima del carico-superficie piana (mm): 900

Velocità massima avanti (Km/h): 4.3

Velocità massima retromarcia (Km/h): 3.6

Inclinazione massima avanti: 15°

Inclinazione massima indietro: 15°

Lunghezza pianale (mm): 1200

Larghezza pianale (mm): 560

Altezza pianale (mm): 200
