Product price:

4.510,00 € tax excluded

Product description:

HONDA TRACKED TROLLEY HP500 IT

HONDA HP500 IT is a crawler trolley equipped with Honda GXV160 gasoline-powered engine, with a load capacity of up to 500Kg.

Honda crawler trucks make your job easier, make transporting heavy materials easier and safer. Plus, in reducing work-related injuries, they also take a load off your shoulders.

HONDA HP500 IT is ideal for use by construction, agriculture and emergency service workers. Honda track trucks are suitable for a whole range of tasks that require moving heavy materials. Equipped with Honda's renowned GXV160 4-stroke engine, they are solid and efficient and capable of performing any job to the fullest.

On gravel, rough terrain and even climbing stairs, the unique track tread on these trucks provides incredible traction. They feature great maneuverability with a turning radius of 71 cm, plus the tread minimizes ground damage, which is important when working on lawns and gardens.

The innovative hydrostatic control is exclusively mounted on the HP500 crawler carrier. It is operated by an easy-to-use lever and, with its variable speed control, allows you to perform work at your own pace.
