

# LX 12/25

## DESIGNED FOR TOP PERFORMANCE

The LX II edition is a strong and reliable partner which bridges the gap between low-duty and heavy duty material handling daily operations. Due to its durability, low maintenance LX is suitable for environments as logistic centers, terminals, production and manufacturing areas. Also the new tiller arm equipped with fork lifting and lowering proportional control improves user-friendliness and maneuverability of the truck.

## ZAPI CONTROLLER

AC technology guarantees more energy efficiency and longer battery charging duration, thus reducing maintenance cost. Furthermore the absence of brushes in themotor and the simpler motor structure increase system reliability.

#### **TILLER AND CONTROLS**

Improved tiller with lifting/lowering proportional controls. Fully integrated system with throttle, safety pushbutton, horn, hourmeter, battery status indicator and turtle button.

#### **MANEUVERABILITY**

The overall width has the same size than the EuroPallet (800mm) allow the unit to work in narrow spaces and corridors, increase maneuverability and reducing the turning radius.

## **VISIBILITY**

The wide mast and central driving position allow to have a great operator visibility

## **BATTERY COMPARTMENT**

The separate battery compartment allow the installation of high capacity battery (225Ah - 300Ah). The battery inspection is easy and comfortable trought the battery cover with hinges. As option automatic battery refilling system can be supplied as the external high frequency battery charger that can be easily plugged trough Anderson connector.

## **EASY MANTENANCE**

Removing the strong cover allow to have the access to electric and hydraulic system as to the motorwheel and stabilizing wheels.

## **OPERATOR PLATFORM**

The LX stacker can be equipped with cushioned stand-on foldable platform very useful for covering medium-sized distances and for intensive application.

| Description                |   |    |                  |
|----------------------------|---|----|------------------|
| 1.1 Manufacturer           |   |    | PR<br>INDUSTRIAL |
| 1.3 Drive                  |   |    | Electric         |
