## **Product description:**

### **QT130-475-HP3W UNDERWATER spotlight**

QT130-475-HP3W is an underwater Led boat spotlight capable of generating 20000 lumens light output with Nickel and borosilicate glass exterior.

QT130-475-HP3W is recommended for boats over 20m, installing each fixture 1-3m apart for the best illumination. This flush mount underwater spotlight uses a QT130 screw-in body for installation in composite and wood hulls. The Led light is serviced from inside the hull.

Easily upgraded from existing light fixtures, the QT130 is designed with a 4-inch hole. Constructed with anodized aluminum and AB2 bronze coated armor.

QT130-475-HP3W comes fully assembled and ready for installation by simply removing the mounting and compensation rings. The underwater light comes fully assembled with 3 meters of cable connected to an IP68 plug that plugs directly into the socket on the driver housing.

The aluminum driver housing has an IP68 socket that is prepared for plug and play. For installation in a cabinet with up to eight drivers in series, wiring from the lights.
